

How to set English when you turn the radio on for the first time

When you turn the radio for the first time, all captions will be displayed in Chinese. To change the language, do the following:

1. Turn the stereo on by pressing **"ON/OFF"** button.

2. Go to the car stereo menu by pressing **"MENU"** button.

3. Press "**DOWN**" button on the central joystick 3 times until the following message appears.

4. Press "RIGHT" button on the central joystick one time and choose "**Engl**".

5. Confirm selection of English language by pressing "OK" button on the central joystick.

6. After confirmation the menu will be fully displayed in English.

IMPORTANT INFORMATION

Please note, if you disconnect the radio, remove the battery or if the battery becomes dead, all factory settings will be restored.
