**Remote video two-way voice
help baby solve problems in learning**
A remote tutor children learn smart parent-child desk lamp

Three dimming

Touch switches fashion and intelligent choices

Comfortable and natural light

Light uniformity

No strobe eye

Imported Light chip

Charging function

Gorgeous colorful lights

Colorful variety of colors so that you

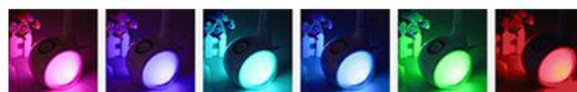

Lamp switch low grades in high school
lighting dimming

Bright Ambient Light touch switch
automatic adjustment
(Press for 3 seconds, the atmosphere
is light automatic color)

Ambient Light Light color

**Touch switch life is a mechanical switch
More than 10 times**

High sensitivity touch button design, 3rd light adjustment
program, Color ring to adjust Nightlight

Infrared night vision

Turn off the lights, and in the absence of light environment can also
Clearly see the baby's sleep

Environmentally friendly materials

Food-grade silicone is inorganic polymer colloid material, ABS tree
Grease is a high-temperature corrosion-resistant thermoplastic polymer material

Food silicone is condensation formed by the silicate inorganic polymer colloid
material, Toxic and tasteless, cold temperature, chemical stability.

ABS resin is a high strength, high toughness, corrosion resistance,
Easy processing temperature of the thermoplastic polymer material

Lamps camera

170 ° wide-angle lens

Fool connection

Personal guide, I think you need, WIFI connection is simple
Steps, 2 minutes all done

WIFI Automatic connection

Manually add connections

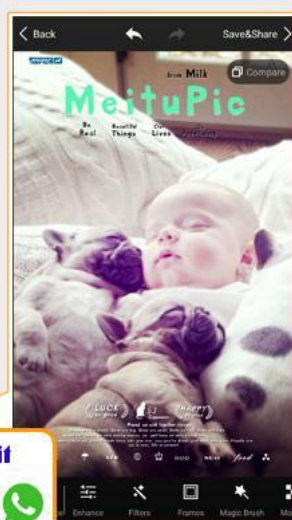

Warm Night Light

Afraid of the dark like the color tone of the baby with the baby to fall asleep accompanied

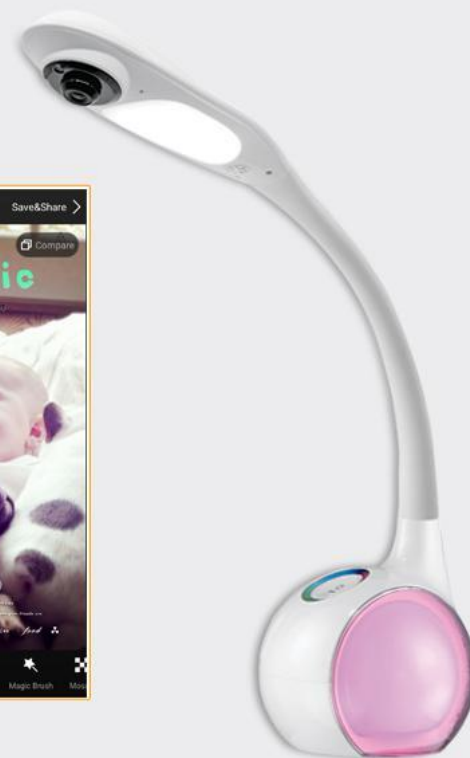

Social sharing

Original photo editing and online video recording, live in the wonderful painting Face record it shared with friends and family around

share it

360 ° rotating

360 ° rotating two roles, one is to adjust the lightSource, so that light is more comfortable, and the other is adjusted depending on theFrequency direction taken,

Abnormal reminder

Sleep when the baby have any movement, the mobile phone side will raise You wake up, so you are always concerned about the baby's case

Voice intercom

Built-in speaker and microphone, mobile phone, camera two-way conversation
Visible, but also to hear, to narrow the distance between the heart

Remote View

No matter where you are, so you and your family 24 hours together. In the public
Secretary of you did not see the baby's emotions in time does not matter,
Mobile terminal can read SD Card Recording baby every moment
