Keeping pressing the button to increase the speed. When you have nearly achieved the pattern that you want, release the button. 2. Use a paint brush to create a spiral pattern. Squeeze the paint on a colour mixing palette (not included), dab the paint with your paint brush, then move the brush from centre to the edge of the paper while pressing and releasing the button of the spin art machine.

**F. TIPS**

1. Add other colours while spinning the paper to make your spin art more colourful. If you do not want the colours to mix together, or you want the colours to appear sharper, wait until the previous colour has dried before adding another new colour.
2. Try out different spinning speeds to create different patterns.
3. The paper card may become a bit wrinkled after it has dried. Place it in or under a thick book for one or two days to flatten it.
4. The white paper is 12x12 cm. Cut out different kinds of paper to make various kinds of spin art.
5. When all the paint is used up, refill the bottle with any water colour paint and dilute it with water. You can also use a dropper to add paint to the spin art.

**G. CRAFT IDEAS (ADDITIONAL MATERIALS ARE REQUIRED, NOT INCLUDED)**

**Greetings card** - Mount the spin art onto the colour card provided. Write a message and add some unique touches to make it a special greetings card.  
**Mobile** - You will need 2 drinking straws, some string and spin art pieces. Criss-cross the straws and tie them together in the middle where they intersect. Cut the spin art pieces into any shapes that you like such as stars, raindrops and animals. Tape a length of string to each of the spin art pieces, and hang them on the criss-crossed straws to make a wonderful mobile.  
**Photo frame** - Stick your spin art creation to a piece of cardboard to strengthen it. Cut a square in the centre of the card and attach a photo behind it. Use the leftover cardboard to create a stand for the colourful photo frame.  
**Bookmark** - Punch a hole in the spin art card. Find a beautiful ribbon, thread it through the hole and tie a knot to make a lovely bookmark.
