A. Safety Messages

1. Please read through these instructions before you start.
2. Adult assistance and supervision are recommended.
3. Intended for children aged 4 and older.
4. This kit and its finished product contain small parts that may cause choking if misused. Keep away from children under 3 years old.
5. Always wash your hands after using the paints.

B. Remarks

Wear an apron or old work clothes. Wash clothes immediately if stained by the paint as dried paint can leave permanent marks even after washing.

C. Contents

6 tubes of window paints, 1 gold outliner, 1 plastic sheet, 6 design templates, and detailed instructions.

D. How to make your window art

1. Select a design template that you like, and mount the plastic sheet on the template card.
2. Trace the outline of the design using the gold outliner. Clean the tip of the paint with tissue if too much residue sticks to it. Let it dry for 1 hour. Do not touch it before it is completely dried, as this may leave a permanent mark on it.
3. When the outline is dry, you can start colouring. Colour in the rest of the spaces with your choice of colours. Do not make the paint layer too thin, otherwise it will be difficult to peel off later. Let the finished work sit overnight before peeling it off.
4. Peel the work gently off the plastic sheet and avoid stretching it too much. Your window art is now complete! You can stick it on windows, glass or any smooth surfaces. Remember to clean the surface before sticking the work on it. Adding a little bit of water to the surface can help it stick firmly. The plastic sheet can be reused to make other new paintings by repeating the above steps. Unlimited fun!
